"Twisted built our 'All Hands' spaces and revamped and built VC solutions across Dublin, London and Paris offices. We were blown away by their creative approach and their knowledge of the latest tech. These spaces allow us to accommodate meetings for the entire workforce - a great place to introduce new ideas, refocus goals and learn from each other."

Pauric Gallagher
Head of EMEA IT Op's, Dropbox

Our growing team of creative and tech savvy people deliver projects worldwide, while creating and maintaining lasting friendships everyday with our customers and partners.

**'There's a reason 80% of our
business is via recommendation.'**
